

Blumenfeld Catholic Parish, Beresan Colonies, Kherson Governorate
Researched and written by Eugen Beck, Hamburg, Germany, 05/26/2022
Translated to English by BSGR

Blumenfeld colony founded in 1862.

Parish of Blumenfeld founded in 1891.

1862-1869: belonged to the parish of Landau,

1869-1890: belonged to the parish of Sulz,

from 1891: own parish with the right to keep its own register books (church books). The church registers (births, marriages and deaths) exist for the period 1891-1916.

The following colonies/villages/chutors belonged to the parish of Blumenfeld: Annowka, Eigengut, Kaputino (Kapustino), Kolopatino, Krasna, Lubyanka, Neu-Petersburg, Sebastiansfeld, Wilhelmstal. Origin of the colonists: from the mother colonies of the three colonist districts of Beresan, Kutschurgan and Liebental.

Having started the analysis, I draw the first conclusion that many colonists from many colonist districts can be found here: Gov. Kherson, Gov. Nikolayev, Gov. Taurien, Gov. Bessarabia.

Birth register of the parish of Blumenfeld 1900:
