### Passport Lists for Emigrants to Russia May 1808 – October 1809

This file contains 6 lists of passports issued to emigrants from Baden, Wurttemberg, Elsass, Pfalz and Hesse to travel to south Russia. The passports were issued in Frankfurt am Main from the Russian General Consul, M. von Bethmann. The lists are written in French, the international diplomatic language of the time, and as such the first names are written as the French equivalent. For example, Johann is written as Jean and Peter is written as Pierre, etc.

This file contains 6 lists with a total of 517 families consisting of 2577 individuals. The lists contain the name of the head of the family, the individuals included in the family with their relationship to the head, ages, and place of origin in Germany and how much money they have. In some cases, an occupation is included.

As the emigrants traveled overland through Europe documentation of border crossings and the distribution of food allowance monies were documented and they are also preserved in the St Petersburg Archive.

The Archive images were obtained by Sergey Safronov and were provided by him. Matt Klee transcribed the information.
