Source: DAI Microfilm T-81; Roll #598; Serial 816; Group 1035;
 Item 1255; Frame 5386138 & 5386139

[Transcriber's Note: The following information is not dated on the original documents. However, they are located within a file folder of DAI (Deutsches Ausland-Institut) documents captured in Germany during World War II which holds documents indicating that research about Bessarabia was going on between 1937 and 1940. It appears that the German authorities were trying to get a handle on the situation of those folks with German heritage who were living in the Southern Russia province of Bessarabia.]
